

**Turner Sport USA's ULTRA HIGH
PERFORMANCE BMW HARTGE SPECIALIST**

Description:

The Turner Motorsport Performance & Service Center

We have a new 19,500 square foot, fully equipped installation and R&D / fabrication facility. Our experienced technicians specialize in BMW high performance street car upgrades such as: Suspension tuning and installation, pre-purchase inspections, engine conversions, engine performance upgrades, brake upgrades, touchless wheel mounting & balancing, and all of your service needs. We also specialize in racecar preparation, BMW CCA Driver's Education pre-track inspection, track set-up and custom fabrication, including roll-cages. We use only state of the art equipment. We perform work on BMW's and BMW's only. (Yes, we consider the new MINI to be a BMW.) Call us at (978) 388-9595 or email us to schedule an appointment. Tech support is not available at this phone number or email address. For tech support inquiries, please call (978) 388-7769 or email us at info@turnermotorsport.com.

Our technicians are also full time TMS Racing crew members and all played an integral part of winning the '03 & '04 Speed Touring Car Championships and the 2006 Grand Am Cup Championships for Turner Motorsport. Tours of our new facility are given to all new customers.

TOOELE, UTAH - September 14, 2007 - TOOELE,
UTAH (September 14, 2007) - Turner Motorsport
continued their winning ways this past weekend,
scoring victory Friday in the Koni Challenge event to
be televised on Speed Channel, Sunday,
September 23 at 4:00pm. It was Joey Hand and
Matt Alhadeff at the helm of the #97 Turner
Motorsport/H&R Springs/Stoptech Brakes BMW M3
that took a commanding win - the second win in a
row for the Turner BMW team and the second win in
as many years at Miller Motorsports Park in Utah.
This win also moves BMW into the lead for the GS
Class Manufacturers Point Standings, having put a
BMW on the podium for the 10th time in 11 races
this season. (click for the complete story...)
