Description:

Welcome to The Tint Guy

The Tint Guy was founded in 1986. Today we represent the best in our industry, providing the ultimate standard in window tinting to a wide range of discerning customers such as:

Automotive

Not only does 3M cater to residential, commercial and government, but they also specialize in automotive films as well. 3M's Automotive Window Films for your vehicle reduce heat and glare and block 99% of harmful UV rays. No matter what you drive, 3M Automotive Window Films can give your car a custom look that's right for you. Choose from a complete selection of films that vary in color, shade, construction, and warranty.

Reduce heat

Reduce glare

Block 99% of harmful UV rays

Customizes your car's look

Available in a variety of colors, shades, and constructions

Please review 3M's line of automotive window films below.

3M's Black Chrome Auto Films

3M's Black Chrome Automotive Window Films are a premium line of metallic window films that not only enhance your vehicle's appearance, but also offer excellent heat rejection, glare control, privacy, and protection from the damaging UV effects of the sun. 3M's Black Chrome Automotive Window Films come with a limited lifetime warranty not to peel, bubble, blister, fade or discolor.

3M's Color Stable Auto Films

These products have an exciting new technology that protects the film from changing color. These products also have an adhesive system designed to hold to curved automobile glass. They also have features that allow the installers to smooth the film to the glass with fewer wrinkles, bubbles or other problems, thus providing the car owner with a high-quality application. All products feature a distinctive color that compliments the automobile color and provides a sleek appearance.

3M's FX Auto Films

3M now offers two additional automotive window film product lines: 3M® FX-ST and 3M® FX-HP Automotive Window Films. FX Standard Auto Film delivers great looks and great performance. FX High Performance Auto Film contains a metal coating that provides additional heat rejection qualities. Both product lines provide 99% UV protection, scratch-resistant coating, and several different shading levels in an attractive charcoal hue. 3M® FX-ST has a limited three year warranty and 3M® FX-HP carries a limited lifetime warranty
