

## **Bridgewater Motorworks & Transworks**

### Description:

Bridgewater MOTORWORKS is the leading independent auto shop in the nation with most engines and transmissions installed.

We are New Jersey's largest engine & transmission installation center, with over 15,762 engines & transmissions installed to date!

Before you spend another dime on your engine or transmission repair, give us a call and get a second opinion. That call could save you thousands of dollars in unnecessary transmission or engine repair.

We are the engine and transmission experts for all makes and models of cars, trucks and SUV's.

We use Jasper Engines and Transmissions, the same engines and transmissions used by the drivers of NASCAR!
